- Bootstrap
- Mocha

CAREER HISTORY

Orthoptist (Freelance)

Self-employed · 2019 - 2020 & 2022

- Serving numerous ophthalmology clinics all around Victoria by fulfilling orthoptic deficits.
- Working in brand new practices each day requires confidence, flexibility, great communication, rapport skills and excellent "learn-on-the-fly" skills to absorb different clinic flows and learn new diagnostic machines.
- Self-managed bookings and payments.

Orthoptist

Canberra Eye Surgeons · Aug 2020 - Nov 2021

- Worked collaboratively with a small clinical team and five ophthalmologists to diagnose patients via practical ophthalmic testing, diagnostic machines and imaging software.
- Surgical Implant calculations.
- Medical record keeping of Medicare PBS prescriptions.

Optical Dispenser

Big W Optical · June 2018 - June 2019

- Sales and customer centric role. Key duties include: dispensing glasses, pushing sales of products and features,shelving, inventory management, opening & closing.
